Maryanna Wilson
City Clerk
City of Burbank, California

RESOLUTION NO. 28,339

A RESOLUTION OF THE COUNCIL OF THE CITY OF
BURBANK ADOPTING THE 2011 UPDATE TO THE ALL-
HAZARD MITIGATION PLAN AND AUTHORIZING THE
EMERGENCY MANAGEMENT COORDINATOR TO
IMPLEMENT THE PLAN.

904

THE COUNCIL OF THE CITY OF BURBANK FINDS:

A. Section 203 of the Robert T. Stafford Disaster Assistance and Emergency Relief Act, 42 USC, as amended by Section 102 of the Disaster Mitigation Act of 2000, requires all state and local governments to develop comprehensive mitigation plans as a condition of eligibility for future pre- and post-disaster mitigation grants after November 4, 2004.

B. In November, 2005 the City Manager created a Hazard Mitigation Planning Committee which received input from the community and other stakeholders during the preparation of the All-Hazard Mitigation Plan ("Plan"). The Plan was approved by the City Council through Resolution No. 26,925 on March 8, 2005. The Plan provides for a review and update every five years.

C. In 2009, the Hazard Mitigation Planning Committee was reconvened to assist in the preparation of the five year update which was completed in 2010 ("2010 Update"). The Hazard Mitigation Planning Committee received input from the community and other stakeholders during the preparation of the 2010 Update. In March 2010, the Council approved the 2010 Update and authorized submission to the appropriate government entities.

D. Federal Emergency Management Agency ("FEMA") requested modifications and other changes to the 2010 Update which have been made. The revised and modified updated Plan resulted in a substantial rewrite of the first update since 2005. This updated plan is hereafter referred to as the "2011 Update". On April 29, 2011 FEMA determined the 2011 Update was approved pending formal Council adoption.

E. The 2011 Update satisfies all the requirements under the law.

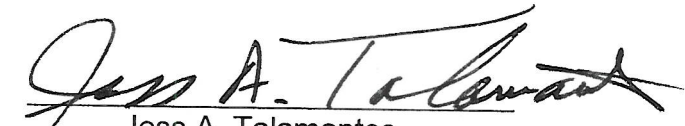

THE COUNCIL OF THE CITY OF BURBANK RESOLVES:

1. The 2011 Update to the City of Burbank All-Hazard Mitigation Plan as submitted to the Council and incorporated by this reference, is approved.

2. The Emergency Manager Coordinator is authorized to submit the 2011 Update and all necessary documents to the California Emergency Management Agency ("CalEMA") and the Federal Emergency Management Agency ("FEMA"), the State Office of Emergency Services, and any other appropriate government entity. Finally, in the event changes or modifications are requested by any agency, the Emergency Manager Coordinator, with the approval of the City Manager, is authorized to make such changes and to resubmit the document.

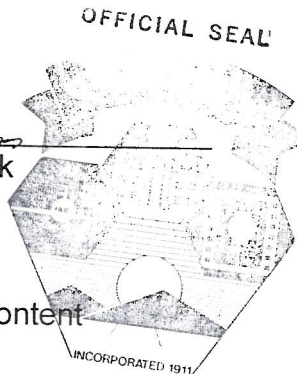

3. The Emergency Manager Coordinator is authorized to implement the 2011 Update once accepted by FEMA and to evaluate the 2011 Update at least every two years with the Hazard Mitigation Planning Committee and make future updates as necessary, subject to approval by the City Manager. Every five years from the date of this Resolution, the All-Hazard Mitigation Plan and/or updates shall be submitted to the City Council and the appropriate government entities for their review. Any updates or notification to the Plan shall be provided to the City Clerk.

PASSED and ADOPTED this 24th day of May, 2011.

Jess A. Talamantes
Mayor of the City of Burbank
